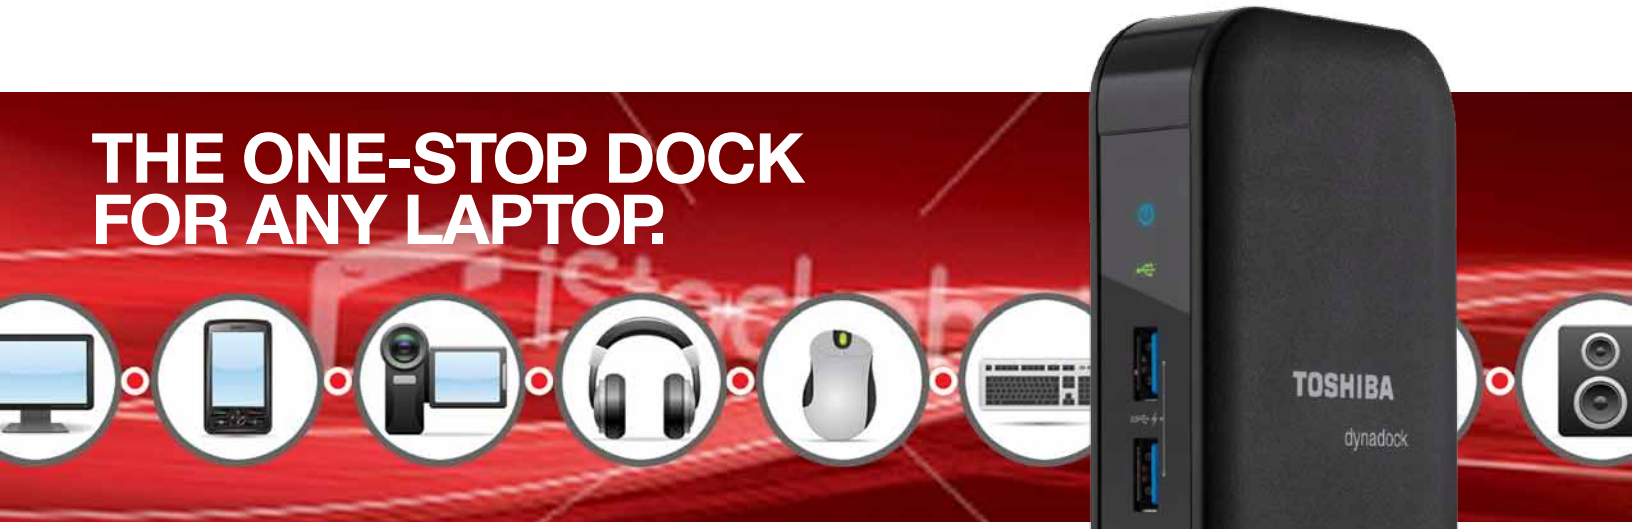
dynadock® V3.0

Universal USB 3.0 Docking Station

TOSHIBA
Leading Innovation



The dynadock® V3.0 universal docking station—boost your productivity, enhance your entertainment and keep you totally in touch.

Just plug in one USB cable. Now, you and your laptop are connected to your entire workstation including a big screen display, full-size keyboard and mouse, external storage, printer and more. Easily power your smartphone and other portables with Toshiba USB Sleep & Charge ports. And do it all through a sleek device that takes up little room, reduces clutter, and works with any Windows® PC.

With the dynadock® V3.0, you're seconds away from the things you love, and moments away from moving out.

Top features

One-cable convenience

dynadock V3.0 creates the perfect desktop experience. This Universal docking station connects your computer to an external display, storage, speakers and all of your USB powered devices through one USB 3.0 port. With one simple connection you can connect to all of your devices or disconnect and be on the go quickly.

Full HD Graphics

Thanks to a buit-in HD graphics card supporting up to 2048x1152 resolution, dynadock can deliver great eye popping images on an external monitor—great for today's digital content rich websites.

Sharing simplified

Families, dorm roommates and institutions will love the dynadock® because of it's universal compatability. With dynadock it's easy to let lots of people—and even different brands of laptops—share one workstation including a big screen display, full-size keyboard and mouse, external hard drive, printer and more.

Design and create like crazy

If you're into CAD programs, photo-editing or making home movies, the dynadock® lets you connect to any high-def display. It's like having two PCs: a lightweight laptop for mobility, and a big, powerful desktop system to dig deeper into your digital world.
